At a whomping good and well attended banquet by both students and faculty, junior landscapers were formally taken into the Mollet Club. Formally this was an honorary, but when they ran out of honor students in this department, they resorted to initiating all juniors into the Club. Those juniors receiving their shingles were Roger Baker, Bill Belden, Jim Curley, Norm Eallonardo, Don Ferlow, Jack Follis, Arnold Gustavson, Hank Liede, Ray Rogers, Lowell Robinson, Al Rutledge, Dick Reed, and Roy Skillman. Grad student Eric Cronkite also was accepted into the folds.

The Banquet took place last Friday night at Bersani's and with no formal speeches and such, but many good jokes, the event was quite successful!!

LETTER FROM OUR DEAN
(To Jim Brewer, President of the Cabinet)

Dear Jim:

Mr. Plumley and I had the opportunity to inspect the student lounge and to consider the new fruit vending machine.

Both of us are pleased that the students are taking such fine care of the lounge and the new furniture. It is a facility that has been long needed at the College and I am more than pleased that we could make this splendid room available for student use. I am delighted with the fine attitude on the part of the students in trying to keep the room in neat and orderly manner at all times.

The addition of a fruit vending machine will add to the difficulty of keeping it tidy. We feel, however, that the students have so far demonstrated their willingness to take proper care of the room and we are therefore granting permission for the introduction of a fruit machine. This is with full confidence that the students will take the added care that will be necessary for disposal of the waste from the fruit so that it is neither unsightly nor becomes objectionable from the standpoint of odor.

We do feel that this addition will be all that can within the little room off the stage stairwell and hope that this will suffice until such time as we are in a position to put in an appropriate lunch room and snack bar for student use.

Very sincerely,

Hardy L. Shirley

Editor's Note: Many thanks Dean, from all us students for our wonderful new lounge and we all will be looking forward to the new snack bar and lunch room!!

Stationery: College stationery with our Club seal is on sale by the Cabinet thru Don Lawton. For $1.00 you get 100 sheets and 50 envelopes. All profits go to the Forestry Club for its many functions. It's really nice paper and buying some helps us all as well as yourself.

Ron Love has recently been engaged to a SU coed. We heard he didn't know about it until he read about it in the paper (not this one, though). Congratulations Ringmaster!!
A convo series on labor relations in wood products industries will soon be presented . . . A duplicate award will be presented to the grad students who won the crosscut sawing competition at the barbecue. This is being done to right a wrong in not determining policy concerning whether a crosscut team should use their own saw or should every team use the same saw. It was decided by the Cabinet that in the future the saw shall be sharpened and provided by the Cabinet, and every team shall use the same saw, thereby making it a contest of skill and not one of who has the sharpest saw. . . In the last meeting of the Cabinet, it was decided to eliminate some of the awards presented at the banquet and give them at a student convo. This will decrease greatly the time previously taken for this activity.

G.F. TEARS

I think think that I shall never see
A board as lovely as a tree;
A tree that stood for years and years
When fallen, brought G.F. to tears.
A tree that always felt the rain
Now feels the hook and binder chain;
A tree whose boughs once gayly sang
Now feels the sawyer's hungry gang.
A tree that G.F. minds did tax
Now feels that Ute man's mighty axe;
A seed that once felt Haiberg's care
Now causes the lumberjacks to swear.
A forest where Farnsworth did spicel
Now feels the bite of Disston steel;
A forest Illick once did thin
Now lies in Hal Gatslick's dry kiln;
Boards are made by R.J. and me,
But only G.F. men can make a tree!

by Marashinsky & Treacy
'48 Ute grads.

Alpha Xi Sigma: Announces at a recent meeting
that Harlon, "Buckaload," Smith was
admitted into membership.

Picture Night: Don't forget that tonight pictures will be taken of all clubs, class
officers, and other college groups. See the lounge bulletin board for the
schedule. Something new has been added for you chow-hounds — Refreshments!!

Saengerbund: Saengerbund meets evry Tuesday night in the Auditorium, so come on out
all you singers!!

Forestry Club Cabinet: Meets evry Monday afternoon at 4:15 in 308 Bray Hall. Every
one is invited to see your Cabinet in action.

S.D. Day: All students, faculty, and staff of our college are asked to sincerely
observe Safe Driving Day as announced by President Eisenhower. Leave for school
earlier and be careful of the frozen roads. Observe all traffic regulations.

The entire College of Forestry extends their deepest sympathy to Joseph La Spisa
whose mother passed away recently.
