ARCHERY CLUB SEeks Design for Patch

The Archery Club is holding a contest for the purpose of choosing a design for their shoulder patch. Anyone with designs, sketches or ideas is invited to bring them to the Archery Club meeting tonight in room 5 Illick.

S.A.F. TO Meet in Syracuse

The winter meeting of the New York Section of the Society of American Foresters will be held at the Hotel Syracuse from February 23 — 25. All students, whether S.A.F. members or not have been invited to attend. The subject of the meeting is clearcutting with speakers representing such interests as the U.S. Forest Service, Hammermill Paper Company, Sierra Club, and Huntington Wildlife Forest. The topic will be considered from operational, ecological, political, and administrative angles and should be of interest to anyone concerned with the nation's forest resources.

Those who wish to attend must register by February 20. There is a $1.50 registration fee to cover coffee break costs. Registration can be accomplished by sending a note, along with the registration fee to Jack B. Cody, Room 5, Moon Library. Payment for any meals desired can be made at the time or at the meeting. Please make checks payable to Jack B. Cody.

TO THE KNOTHOLE: Concerning the Empire Forester

One of the biggest reasons for the lack of involvement with the yearbook is that the only ones to have their pictures in the yearbook are the Seniors (if they want it in it) and a few selected people for candid shots.

Why not have a group picture of everyone at the College?

Because the only time you can usually have your picture in it is when you're a Senior, the majority of the Under Classmen could care less about it.

Why not have several different assigned times for group pictures ready at next registration. People could put their name down on the time and day they wanted (say for example, 6:00 p.m. a few days after registration). By grouping the people signing up into Freshmen, Sophomores, Juniors and Grads you could determine the number of pictures to be taken for each class.

(continued on next page)
By doing this, the Freshmen, Sophomores, Juniors and Grads might look forward to receiving their copy of Empire Forester. As for myself, I feel that I should not have to pay for the yearbook (through my activity fee) when there are just a lot of people I have seldom seen or know included in it.

-Robert Kobelia
Sophomore

Due to an unfortunate lack of interest and in order not to inconvenience President Palmer, the Friday afternoon discussion session has been canceled. Anyone with any comments concerning this—come to the next Student Council meeting.

The proceedings of the 1971 Student Leadership Conference will be published as soon as all discussion leaders turn in their reports to Paul Chakroff. If you wish a copy of this report, leave a note in Paul Chakroff's mailbox.

ARCHERY CLUB MOVIES TONIGHT

"The Last Wilderness"... wildife, bowhunting and adventure in the beautiful and rugged Wyoming Rockies with Howard Hill, the greatest bowhunter of all time. (45 min.)

"B'wana Bowman"... Fred Bear stalks the giant African Elephant in the Congo, armed "only" with his bow and arrow. (15 min.)

Films start at 7:30 p.m. in room 5 Illick. The Archery Club patch design, a "snowshoe shoot," new bowhunting legislation, and other topics will be discussed after the films.

ENVIRONMENTAL CONCERNS PROGRAM

On Wednesday, February 9, at 7:30 p.m. the Freshmen Class will present two films as part of their Environmental Concerns Program. In 5 Illick, "Multiply and Subdue" and "What on Earth" will be shown. These films have to do with the quality of life on this planet and factors influencing it. Come and see some informative and very enjoyable films. These films will be followed in the near future by lectures and other environmentally oriented presentations.
