This issue of the Knothole is dedicated to the upcoming elections which will be held on Monday, March 26, and Tuesday, March 27. Voting tables will be located in Illick Hall and Marshall Hall.

STUDENT COUNCIL CANDIDATES

President: James Chanatry

It's one thing to promise what you will do as your only platform for office. It's another thing to stand on the work you have done. In my three years at this college I have worked hard to give the forestry student my best. This year I am confident I can do a good job as president.

There's more work to be done...I can do it.

Vice President: Mary Butler

After my experience as freshman class representative, I feel that I know the workings of Student Council fairly well. I would like to continue to serve the students of this college and I feel that with this experience I could do a good job as Student Council Vice President.

Secretary: Betsy Boyce

Article IV, Section 3 of the Constitution of the Student Association of State University of New York College of Environmental Science and Forestry states that:

The Secretary shall:

a. Keep a permanent record of all Council and Association meetings.
b. Conduct all correspondance of the Association and keep a file of all letters sent and received.
c. Notify all members of the Association of Association meetings, and meetings of the Student Council.

With all those things mentioned, I have become pretty familiar over this past
school year in my association with the Student Council. This year I was officially on the Council as Secretary-treasurer of the Freshman Class. However, I was also the un-official assistant secretary to the Student Council. This came about due to the unexpectedly heavy academic workload of the official secretary. She felt that she could not dedicate as much time to council as she would like and still do well academically so I offered my assistance in any way possible. This included such business as correspondence to miscellaneous items such as questionnaires from other campuses. I really enjoyed doing what little I could for the Council and it is my desire to continue doing so next year as the official secretary. Next year I will be only a sophomore, but as such I will have more free time to dedicate to the council than many upper classmen. I would appreciate your support in the upcoming elections. Whoever you vote for on March 26 or 27 I hope you DO vote. In this way you can chose those candidates whom you feel are the best qualified and will serve you the best. Thank you!!

Treasurer: Jim Culbert

This past year I was a member of the Council as one of the three sophomore class representatives. Some of my activities on the Council were: Benchmark committee, RM curriculum evaluation committee, and decorating committee for my class sponsored activities. Although my past Council activities may not qualify me for the position of treasurer, I feel that I am active and concerned enough about the Council to do a good job. Past experience in other organizations has given me sufficient experience to handle the treasurer's duties in a capable manner. I have no platforms, promises or slogans because I feel that the treasurer's job is obvious to all. If anyone has any specific questions, I can be reached at x2645.

Also, please vote for the people of your choice next Monday and Tuesday. Your support, or lack of it, will reflect the concern you have for our representatives and our college. Thanks!

Social Chairman: Bob Loveless

I have had three years of experience on the Council during which I have acquired the knowledge in how to get a job done. I ask for your vote for me as Social Chairman because I have the experience, knowledge and willingness to do the job.

THE FREE SPEAK POLITICAL COALITION

Brothers and Sisters at the College, we would like to announce the formation of the FREE SPEAK POLITICAL COALITION, which is running candidates for various posts in the upcoming Student Council elections. Our ticket is:

<table>
<thead>
<tr>
<th>Position</th>
<th>Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>President</td>
<td>Betty Ann Hughes</td>
</tr>
<tr>
<td>Vice President</td>
<td>Sarah Forrester</td>
</tr>
<tr>
<td>Secretary</td>
<td>Rob Belisario</td>
</tr>
<tr>
<td>Treasurer</td>
<td>Mary Duff</td>
</tr>
<tr>
<td>Social Chairperson</td>
<td>Gene Sobecki</td>
</tr>
</tbody>
</table>

GENERAL PLATFORM

1) Investigate decentralization of student government, to include:
   a) Set up Constitutional referendum at Fall registration to allow for new and innovative approaches to the staffing of the office of the President. As THE FREE SPEAK WRITING CONGLOMERATE WAS PROHIBITED FROM RUNNING FOR PRESIDENT BECAUSE IT WASN'T A PERSON, the constitution should be changed in view of the precedent set last year in the S.U. elections by CO-OP 4.
   b) Possible restructuring of Student Council to embody collective decision making, with the elimination of Parliamentary Procedure and "Robot's" rules of Order.
4) More student input and representation in all matters and on all committees that deal with issues affecting said students. (EXAMPLE: Dr. Berglund's curriculum hassle...)

3) Attempt to open the snack bar in Marshall Basement with student employees and pay their wages with the work study program. (CONSIDER THIS: Would you rather have the money you spend on goodies go toward helping your Brothers and Sisters through school, or into the profit coffers of Lamson Automatic.) IF THWARTED: a) demand explanation from administration as to why it has not/will not be opened. b) seek commitment from Lamson Automatic to replace ancient, "rip-off" machines. c) sell worthless snack bar machinery and re-direct money.

4) Investigate possibilities of redesigning Quad to handle traffic flow and placate the "Keep off the Grass" factions.

S.U. Senator: Charles Frame
Peter White
Dave Mason

The College of Forestry's senator to S.U.'s University Senate is of great importance to our College's position in Syracuse University affairs. The University Senate is the closest position a student can ever get to taking some part in the decision making process that governs S.U.

As it is time for forestry to consider S.U. an integral part of our education, it is also time for S.U. to consider forestry an integral part of their University and not just another source of funds. Although not legally, we are in fact a distinctive part of S.U. Think of your education and how much of it is totally dependent on S.U.; at least half of your course work is done there, many forestry students live in S.U. dorms, every forestry student pays $28 in "student fees" to S.U., and when you graduate S.U. considers you a member of their alumni groups and a potential contributor to their school.

Forestry has its students invest a lot of time and money at S.U. It is a big school, however, and often tends to forget we are here. I promise you that S.U. will be fully aware that forestry is still here. Vote for Dave Mason, Senator.

CLASS CANDIDATES

Senior Class President: John Warneck
Mark Fernandez

The purpose of this announcement is to make it known to the juniors that I am running for senior class president. I make no campaign promises, my purpose as president will be to represent the class. I urge you to vote on March 26 and 27 so as to insure the future of your class. If you have any questions or suggestions, I can be contacted at x2647 at any time.

Senior Class Vice President: Frank Burns
I would like to see more senior class sponsored activities.

Senior Class Secretary-Treasurer: Tom Cufney
Jim Halligan

My platform is honesty. I honestly do not know what is going to come up next year. Thus, I intend to make only one promise, and that is to fulfill all of my responsibilities as the secretary-treasurer of our senior class. If you want promises and lots of posters, look to someone else, but remember I offer you my best.

Social Chairman: Steve Forget
John Warneck

Representatives: Don Schaufler
Kevin Cotter
Steve Forget
Junior Class President: Steve Anlian

This year the sophomore class officers worked hard to represent their class, and more importantly I feel, to sponsor activities which we all may enjoy. I feel I have served my class to the best of my ability the last two years and will strive to do my best in the future.

Junior Class Vice President: Werner Kist

For the past three semesters, I have represented the class of '75 as Social Chairman and as representative-at-large. During this past year, I have helped organize and run the two square dances. Within the remainder of this school year we, the present council officers, also hope to have a coffeehouse.

For the next school year, I will run for Vice President of the Junior class. I will do my best to represent the Junior class and to help run activities.

Secretary-Treasurer: Gene Piotrowski

Junior Class treasurer is an important office and it requires a responsible person who has a genuine concern for his class. Serving this past year as sophomore class secretary-treasurer and secretary-treasurer of the Forestry Club I feel I have the experience as well as the interest and dependability to do a good job. The class of 1975 has been the most active class for two years now. I want to help make next year the best year yet with even more social and educational activities. Don't forget to vote March 26 and 27.

Junior Class Representatives: Jim Cox

It is somehow a disappointment to find that many of the positions open in the student association, like the one I am running for, are to be uncontested in the upcoming elections. Only three people are running for the three representative positions open in the junior class. Apathy has become a much over-used word, but I can't think of any other reason why there should be so little interest in the upcoming elections.

Those of us who did run and who are to be elected are in the disconcerting position of representing a group of people who had no choice in electing us and who may not care anyway.

This article is not a statement of platform. If it was and every student in Forestry totally disagreed with what I said, I would still become a representative. Is this really how you want your student government to be run by a group of people you know relatively little about and who you had no choice in electing?

I will try and do my best as a representative and I will welcome any criticisms or suggestions from the people I represent, but even if I didn't you wouldn't have a choice, would you?

Roland Vosburgh

Some may not think that Student Council here is worth much because its activities are not dramatic. I believe that the duties of the council are important though they appear trivial. The duties represent housework that has to be performed or some other group would have to do them, but we as students are the appropriate holders of these responsibilities because they have a great bearing on us. I want to get involved with these duties and I pledge to represent the interests of the class wisely. Vote for Roland R. Vosburgh for Junior class rep.

Dan Mahns

It would appear that this year's election will prove to be quite interesting in view of the candidates running for some of the offices. My purpose in running for Junior class representative is to become more actively involved in student affairs. My only promise is to serve the Junior class, as well as the rest of the student body, to the best of my ability. I would appreciate your votes for me. At any rate, be sure to at least vote so you can have a say in who will represent you.
Re-elect Pete Herman as Sophomore Class President and let him continue to work for you.

First, in order for a government to have a purpose, it must have goals. As far as I know, we have no goals. My primary aim will be to establish goals by consensus, and to make progress toward reaching these goals. For examples, these goals could extend anywhere from a class trip, a school gift, a charity donation or helping out an environmental cause or agency en masse. Social chairmen can organize beer blasts.

Second, I have had experience in government having held two class presidencies, a high school student council vice presidency as well as having attended Boys State. Establishing a class unity or identity will be another aim. We could have a class spirit at the Barbeque as well as on campus generally. Better communications, slogans or property could achieve this.

As far as I know, we are all leaders in the ES&P class of '76. If all these leaders are brought together we will have a great time.

Dave Daniels

Sophomore Class Secretary-Treasurer: Charlene Hamiwka

Sophomore Class Social Chairman: Bob Strenge

Sophomore Class Representatives: Jim Turner

In the last election my handiwork helped. This time I am going to rely on experience. When you get down to it, there isn't much to say when you run in student council elections. Please remember one thing though, experience does matter.

Al Mollitor
Betsy Loope
Robert Strenge
Doug Chamberlain

REFERENDUM INFORMATION SHEET

Memorandum

To: E.S.& F. Students

From: Student Council

On March 26, 27 you will be asked to vote on a referendum concerning student activity fees for the 1973-74 academic year. Students, you will have the option of voting on three choices for the student fee along with CNY PIRG funding. Below the major points of the referendum are broken down for your close analysis.

<table>
<thead>
<tr>
<th>1972-73 Fees Distribution</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Forestry (all clubs, classes, and social events)</td>
<td>$18</td>
</tr>
<tr>
<td>Syracuse University</td>
<td>$25</td>
</tr>
<tr>
<td>--$5--for University Union building fund</td>
<td></td>
</tr>
<tr>
<td>--$5--for University Union programing</td>
<td></td>
</tr>
<tr>
<td>--$3--Daily Orange</td>
<td></td>
</tr>
<tr>
<td>--$12--Student Association (all clubs, etc.)</td>
<td></td>
</tr>
<tr>
<td>Public Interest Research Group (PIRG)</td>
<td>$3</td>
</tr>
<tr>
<td>(Mandatory refundable)</td>
<td>$46</td>
</tr>
</tbody>
</table>

After tabulating the results of this Spring's questionnaire on E.S.F. participation in S.U. clubs and services, the Forestry Fees Committee and the Student Council formulated this proposed fee distribution for the coming year.

<table>
<thead>
<tr>
<th>1973-74 Proposed Fee Distribution</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Forestry (all class, clubs, social events)</td>
<td>$20</td>
</tr>
<tr>
<td>plus proposed funds for the college's new basketball team</td>
<td></td>
</tr>
<tr>
<td>Syracuse University</td>
<td>$18</td>
</tr>
<tr>
<td>--$5--for University Union Building Fund</td>
<td></td>
</tr>
<tr>
<td>--$13--for Student Association (all clubs, publications, services, University Union programs, etc.)</td>
<td></td>
</tr>
<tr>
<td>Public Interest Research Group (PIRG)--voluntary or mandatory refundable</td>
<td>$3</td>
</tr>
<tr>
<td>(Mandatory refundable)</td>
<td>$41</td>
</tr>
</tbody>
</table>

This proposed budget will decrease the S.U. fee allocation by $7.00 and increase the E.S.F. allocation by $2.00, for an overall fee decrease of $5.00.

In a few weeks Syracuse University Student Association will hold a referendum on whether or not to increase their Student Fee. The proposed increase is as follows:

$2.75--to retain a second lawyer for the legal infirmary
$3.00--as an over all activity fee increase

NOTICE TO GRADUATE STUDENTS

Election of officers for Graduate Student Association

Wednesday - March 28, 1973

Ballots will be available in departmental or school offices on the 28th. Balloting will occur in the representative offices.
Each year the Forestry Club Cabinet, in its budget, sets aside a fund to sponsor an annual Spring Banquet in the Hotel Syracuse. This is the beginning of the many details which must be ironed out in order to unite all the departments of our Forestry school into one harmonious group.

Early in the spring semester work was begun under the guiding eye of Prof. John C. Sammi, faculty advisor to the Cabinet, to set up committees to secure the necessary arrangements. Details of the seating, tickets, decorations, entertainment, invitations and publicity were thus efficiently handled. Since the aim of the Banquet was to gather all foresters for a last formal meeting, it was up to them to decide who the guest speaker would be for the occasion. Student opinion, in consideration of the importance of on-the-job personnel relations, decided on Mr. Granville B. Jacobs, Manager of Personnel and Training of the General Foods Sales Division. He spoke on the topic of "Employer-Employee Relations"—a very appropriate subject in times such as these.

This 38th Banquet was the last one for Dean Illick who will retire this September. His heartfelt message presented before the congregation will serve as an ever-guiding beam of inspiration for future foresters.

Throughout the course of the evening expressions of good will and advice were delivered by members of the Board of Trustees, the Chancellor of Syracuse University, Prof. N. C. Brown, and members of the Alumni Association. Members of the Robin Hood Society presented a skit. Saengerhund (the College Glee Club) rendered many fine selections, and achievement awards were presented to outstanding men in the various classes.

A feeling of unity and common bondage was noticeable throughout the evening by the whole-hearted enthusiasm and response of the attending body. This was certainly gratifying to all the committees and especially to William K. Morse, toastmaster, who worked untiringly to make this event the climax of the social year. The entire affair was an indication of the pride which is so justified and necessary in our college.

The Spring Banquet, this year, will be held at 7 pm at the Hotel Syracuse on March 29. The speaker will be Dr. John Buckley. Dr. Buckley received his B.S. and M.S. at the College of Environmental Science and Forestry and then received his Ph.D. here in 1951. He has worked as Director of the Patuxent Wildlife Research Station in Maryland, and later became the Special Advisor in Environmental Protection to President Nixon. At the present time he is Deputy Director of the Office of Research Monitoring in the Environmental Protection Agency. His talk will be on his views of Future Environmental Problems.

Tickets to the Banquet are free for any ESF student, $3.00 for their wives, and $6.00 for guests. Tickets will be sold at the Business Office starting this Thursday until next Tuesday. Students may pick their tickets up in Moon Library this Thursday or Friday and at the election tables next Monday or Tuesday.

A delicious meal and a great speaker, hope to see you there.
DANCE MARATHON

The College of Environmental Science and Forestry, through the Student Association is sponsoring a couple for the Delta Tau Delta Muscular Dystrophy Dance Marathon to be held March 30th, 31st, and April 1st, in the Women’s Building Gym.

Any couple interested in representing the College, please contact Vicky Miles at x2634 or 475-7736, or through the Student Mail box.

Student Association representatives will be collecting donations from all members of the campus community from now until the Marathon. PLEASE GIVE GENEROUSLY !!!!!!!

PEACE CORPS RECRUITING TEAM ON CAMPUS. on Monday, March 26th a Peace Corps recruiting team will be on campus to answer questions about current Peace Corps Programs in the field of environmental science and forestry. The Peace Corps has several projects concerned with reforestation, park planning, silviculture, inventory, wood technology, game reserve management, biology, and ecological research. Those at all interested, should contact the recruiting team in the Basement of Marshall Hall on Monday.

SUMMER CAMP

ATTENTION STUDENTS PLANNING TO ATTEND SUMMER SESSION — WARRENSBURG BIOLOGICAL STATION —

CRANBERRY LAKE: There will be a tetanus booster shot clinic — Tuesday — March 27th
7:15 pm Bray Hall Rotunda.

IS SCIENCE FICTION?

GORDON R. DICKSON

The third speaker in this year's spring lecture series, "Is Science Fiction?" will be Gordon R. Dickson, past president of the Science Fiction Writers of America, and present Chairman of its Executive Committee. His writings— over 24 books and 200 short stories— have appeared in 23 countries and 8 languages. A list of his books include Soldier, Ask Not, (winner of the Hugo award), Call Him Lord (Nebula award winner), Necromancer, and Outposter. Mr. Dickson will be coming to Syracuse from Minneapolis to speak on "Profiles of the Future." His lecture will deal with the predictive aspect of Science Fiction. The lecture will be held on Wednesday evening, March 28, at 8:00 PM in Marshall Auditorium on the Forestry Campus.
Hearings on a revised plan to meet Federal Clean Air Act standards in Onondaga and Monroe Counties by 1975 will be held next month in Syracuse and Rochester by the Department of Environmental Conservation.

The revised plan was required by a Federal court decision in January upsetting a ruling of the Federal Environmental Protection Agency extending until 1977 the deadline for meeting the Clean Air Act standards.

The U. S. Circuit Court of Appeals ruled that the EPA had not followed the procedure specified by the Clean Air Act in granting the extensions. The Court held that implementation plans must be prepared to attain standards by 1975, no matter how severe the control action may be. After this is done, the Court said EPA may consider requests for two-year extensions allowed by the Act.

To meet the court's insistence that a strategy for meeting standards by 1975 be prepared, a proposal that all pre-1968 automobiles and gasoline-powered trucks be equipped with non-catalytic exhaust controls has been added to the plan.

This would not be necessary if 1977 were the deadline because by that time there will be a higher percentage of newer cars with more effective exhaust controls on the road.

It is estimated there will be 62,000 pre-1968 vehicles in Onondaga County and 100,000 in Monroe by 1975. With the exhaust controls costing about $50 apiece this would mean costs of $3.1 million to owners in Onondaga and $5 million in Monroe.

The public hearings will be held at:

(Region 7 - Onondaga)

7:30 p.m.
Wednesday, April 4, 1973
Main Floor Hearing Room
State Office Building
333 E. Washington Street
Syracuse, New York

(Region 8 - Monroe)

7:30 p.m.
Thursday, April 5, 1973
Rochester Museum & Science Center
657 East Avenue
Rochester, New York

Copies of the revised plan are available from the Department's Region 7 office, 100 Elwood Davis Road, North Syracuse or the Region 8 office, P. O. Box 57, Route 20, Avon, New York.
**E.S. & F. Calendar**

The E.S. & F. Calendar of Events is a service of the Knothole intended to list all faculty and college related events for the week in one place. If your organization is having a meeting, speaker, movies, special event or whatever you want publicized, contact Dave Shepa by phone in the evenings (638-1788) or by student mail (Grad. SERM mailbox-319 Bray).

---

* Friday - March 23
8:30-1 AM Alpha Xi Sigma Dance, Nifkin Lounge. All are invited.

---

* Saturday - March 24
9 am - 4 pm "New Finishes For Wood" shortcourse at Teppan Zee Motor Inn, Nyack, N.Y. ($15 registration fee).
1 pm - Woodsman Team Practice behind Walters Hall. Open to all.

---

* Monday - March 26
12 noon - GSA meeting, 334 Illick. Open

---

* Tuesday - March 27
11 - 12 noon. Dean Larson coffeefast with SERM Grad students and Faculty. 319 Bray
8 pm - Woodchips, wives of forestry students meetings. Bldg. M 2, Married Student Housing. All forestry wives welcome.

---

Monday - March 26
"The Foreigners" — a provocative film about the Peace Corps involvement in today's world — has been widely acclaimed by most who have seen it. A stunning film. Shown to all interested in Marshall Aud. from 12-1 with discussion to follow.

---

ATTENTION
To all paper recyclers:
The date is Friday, April 6. The place is Nifkin Lounge. See the garage to sign-up.

Recyclers of the week: Nancy Dieck and Ellen DeLong

---

* Wednesday - March 28
3:30 - 5:30 pm Faculty meeting, 5 Illick closed.

---

* Thursday - March 29
12 noon - noon movies by Botany Club, 319 Marshall, bring lunch and a friend.
12 noon - Academic Affairs Advisory Committee Meeting, Conference Room, Moon Library. Closed
6 - 10 pm -- International Students meet in Marshall Auditorium.
7 pm -- 60th Annual Spring Awards Banquet. Hotel Syracuse Ballroom. Guest speaker John Buckley, EPA Dep. Director for Research and monitoring.
7:30 pm - "The Environment and Residential Landscape Design" shortcourse (continuation) Marshall Hall.

---

* Friday - March 30
8 am - 9:45 am Chemistry Seminar, 303 Baker
3:30 - 5 pm Chemistry Seminar, 308 Baker (open)

---

* Saturday - March 31
12 noon - University Hill Corp. meets Rm 1916 Bird Library
1 pm - Woodsman Team Practice behind Walters Hall. Open to all.
7-11 pm - International Students Talent Show Marshall Auditorium. All Welcome.

---
