new knothole editor?

Anyone interested in assuming the Editor in Chief-ship of this glorious newspaper ....... The KNOTHOLE! should make his or her intentions known to the present Editor with utmost speed! A new Editor, with dictatorial powers over the free press of the College will be chosen by the staff on February 5th in 404 Bray. Make your intent known either in writting or in person. All letters should be placed in the knothole mailbox in the basement of Marshall. If you are interested in working for the paper please, please, please, drop us a note or show up at the meeting in 404 Bray on the 5th of February at 3:00 pm.

Jay Sexton
the fading editor

Those beautiful 32oz. jumbo steins you ordered in October are here!!!!!!!!!!!!!! Please pick them up in B-19 Marshall during Small Stores hours.

If you missed out last semester here is your last chance to order one until Sept. 1980. Come down to Small Stores (check posters for hours) and bring your money. Mugs must be prepaid, and the cost is about 10.00 dollars. The absolute deadline to order a mug this spring semester is Feb. 1st ...... THIS FRIDAY!!!!!!!!!!!!!!!!!!!!

WILDLIFE.

The first Wildlife Society Lecture will feature Dr. Muller-Schwarze. He will speak on South African Wildlife, and the people of this region. Also there will be a brief introduction to this semester's activities of the chapter. The meeting will be held at 7:30pm, in Room 5 Illick Hall on January 31st. See You There!

SPACE!
the final frontier...

JOG

Last semester a joggers club for stumpies was formed. Some of the members entered two races and did fairly well. If you want to join this new stumpy tradition, come to our practices (look for signs) (practices are not too hard). If you would like to be a part but are unable to attend at the designated times, see Jim Flint or Eric Anderson or leave a note in one of our mailboxes (in Marshall Hall) with your name and address or phone number. We encourage all interested joggers to join us. You don't have to enter any races, and you don't have to be a student (faculty and staff are welcome).

P.S. The joggers club does not discriminate on the basis of race age or sex.
I hope everyone had a good vacation and survived the mighty registration process. I would like to mention a few things that I think everyone should be aware of. First, the new constitution was passed by an easy margin of 742 to 15. This constitution will go into effect with the student Council Elections this Spring. Speaking of elections, start thinking now about whether you would like to run for a position. Holding a position in Student Government gets you more involved in what's happening around the school. Also the pay is great, the hours good and the benefits are outa this world!

There are two changes concerning Nifkin Lounge. New carpeting was put in and the furniture was reupholstered. Try to keep these new features in good shape. Pick up your trash, try not to spill things, and please, no cigarette burns! Use ashtrays! Also starting this week, the dining area outside of the snackbar will be open until 11:00pm. This is for you people who don't like studying in the Library or at home.

Two last announcements: Don't forget to check your student mailbox in the basement of Marshall and anyone interested in working on the new student handbook, get in touch with Sheila O’Rourke in 106 Bray Hall.

Have a good day!
Brian Cypher
S.A. Pres.

While everybody was busy playing during the break some KΦΔ’s decided it was time to do some work - some house improvements. With the new tools they got from Santa, the brothers put in a new foyer floor, fixed furniture and got the plumbing in top shape.

But we play too. On Super Bowl Sunday the Annual Slush Bowl was held in Walnut Park. The second floor fought to continue their reign of supremacy, and were especially aided by the crunching tackles of Joe Hess and the golden hands of Pete (the cleat) Lesiv.

And for those interested, don't forget our rush dates of Jan 30, 31 and Feb 4, 6, 7. If you want to check us out any other time, give us a call first at 478-5302.

Andy Cameron
Publicity Chairman

SPEAKS

POLICY AND DEADLINES
The Knodole is the Student publication of the State University of New York College of Environmental Science and Forestry. It is published every Tuesday night during the school year. The deadline for submitting copy for publication is Wednesday, noon, of the preceding week. All letters to the editor must be signed. All articles must be signed although names will be deleted on request. Letters to the Editor do not necessarily reflect the opinions of this paper's staff. We welcome articles, counterviews, and especially new staff members.

new stores

Small Stores has opened for business this semester. Check the posters around campus for exact dates and times. We have some new items for sale:

- E S F baseball hats $4.30
- Youth sized T-shirts $3.25
- Coffee Mugs $2.50

Don't forget about the grey hooded sweat-shirts in all sizes - both Maple Leaf and College Seal designs. We have lots of Green Sweatshirts in size Extra Large Only (College Seal). Unfortunately, the price of stationary has risen to $1.15 a box. We will continue to provide the best service we can but in a non-profit, student run operation we are limited. If you or anyone you know would like to help us - work at small stores during open hours, put up posters etc. - please let me know. Drop a note in the student mail boxes in the basement of Marshall - under Student Council or F for Fabbiioli. If we get extra help we can get extra open hours during the school week.

Thanks,
Kris Fabbiioli
Small Stores Mgr.

B-BALL NEWS ...

On the night of January 19th the faculty allstars challenged the Men's and Women's Basketball Club. The lead changed hands several times but the faculty slipped by with a one point victory on the "lucky shot" of Gerry "the Hack" Lanier. The game featured the clutch shooting of the faculty's "Maddog" Maraviglia and the slams of our own Grant McGlenn. A Party was held afterwards at Nifkin Lounge for all spectators and players. The Basketball Club sees further action this week in Buffalo.

101 days till GRADUATION.

give it a try at → KΦ

The Forestry Fraternity, Kappa Phi Delta, has been a part of the college community since the early 1950's. Throughout this time it has remained a Forestry Fraternity in true stumpy spirit. Today, the house continues to be comprised of only Forestry students (and Forestry option students), and the brothers still enjoy certain important differences in lifestyle. Our fraternity is unique on the Syracuse Campus and we're proud of it.

Regardless of how other fraternities conduct themselves, we at KΦ have our own standards. We certainly enjoy parties and get-togethers with sororities, but we are also students. We have a house average near 3.0 and individuals with over 3.7.

To offer students such a good living/studying environment is the key to Kappa Phi Delta's long success.

If you are a Forestry student that wants to live like a stumpy, come on down, we'd be more than happy to answer any of your questions. See you 7:00-10:00pm on Jan. 30, 31, or Feb. 4, 6, 7 at 200 Walnut Place.
Any people interested in assuming the offices of the Zoology Club should attend a meeting in the Snackbar in Marshall on February 5th at 6:30pm. Although the club has been only slightly active during the past semester you can make the difference! As an officer of the Zoology Club you may plan and carry out any lecture series, film series, field trip, demonstration, anything you can design! The options are endless. The Club is what you make it and I didn't make much of it since I was involved in some other activities. You can do better.... There are 5 positions open and none of the old officers are expected to return..... so if not you ....who? If these offices are not filled the Club will be put to death, mercifully, since it's time has come. If the positions are filled then the horizons are bright and this club could be great. Come on students.... Give it a try - Take charge and Go Places. Thanks for Listening....give it some thought. See you there on Tuesday.

YEARBOOK!

¡SÉNIORS!

Yearbook News

Any seniors who have not yet returned proofs to the studio should do so immediately!! Time is running out!

Do you enjoy reading the Catchall's in the Knothole every week? You now have the chance to put something similar in the yearbook. For $1.00 you can put a line in the "Student Patron" section of the yearbook. Think about it, and be ready to put your patron in your yearbook down at Small Stores - Coming soon in February.

Sue Dinero
P.S. 1979 and 1980 yearbooks will be on sale in Small Stores. Get yours today!

CONSERVATION NEWS

TREES ARE COOL! It may be more energy-wise to plant a tree than to add a few inches of insulation, says a director of the American Society of Home Inspectors. Study in the northeastern U.S. have found that strategically locating deciduous trees can cut home heating costs $12-106 a year, and cooling costs as much as $80. In front of your home a large-leaved deciduous tree can block the sun's heat and protect the home from the wind. So do your part to cut America's energy use, and get beauty, shade, and increased property value. To plant a tree:
