CONGRATULATIONS!

Well, the results of last week's elections are in! In case you haven't heard all of the winners yet, here is a complete list:

**S.A. COUNCIL**

President: Laurie Armstrong  
1st VP: Doug Daley  
2nd VP: Lew Lain  
Treasurer: Al McDonald  
Social Chairperson: Joan Colelli  
Senior Chairperson: Martha Loeffler  
SU Senator: Cynthia Wood  
Rep. to the Board: Brian Cypher

**SCHOOL OF BCE**

Ann Wood  
Larry Kroon  
*Dianne Schrader  
*Pat Mason  
*TIE- Runoff  
election to be held

**FORESTRY**

Jim Ellenwood  
Mary Ann Wojcieszak  
*Emily Boy  
*Wayne Krulish  
*Jane Mudano  
*TIE- Runoff  
election to be held

**SCHOOL OF LA**

Lyle Halbert  
Doug Mann  
Joseph Sarchino

**ENGINEERING**

Jack Carter  
Bill Kustas  
Janet Schwartz

**GSA EXECUTIVE OFFICERS**

President: Roger Sinta  
Vice Pres: Margaret Redinbaugh  
Treasurer: Barry Glickstein  
Secretary: Brian McIntyre  
Social Chairperson: Tim Pepper

**NOTE:**  
Constitution accepted.  
School Reps. will be elected in the fall.
WHAT NEXT?

A simple response to the negative attitudes toward L.A. students could be solved by getting rid of the L.A.'s. In this proposal, a swap with SU is necessary; the School of Landscape Architecture would be swapped for the School of Management.

The benefits would be many:
- Slocum Hall would be used extensively for the design professions. This close relation of archies and L.A.'s would produce a higher quality of environments.
- Bringing the management students to Marshall Hall would increase the number of females on the Forestry campus. (Something lacking and desperately needed.)
- Snack Bar revenues would increase greatly, especially if bagels were served.
- Wear and tear on the quad would be greatly reduced because pointed heels have less surface area than the army boots worn by most L.A.'s. It would aerate the quad at the same time.
- The Forestry School wouldn't have the School of L.A. or any of its associated problems to kick around anymore.

The drawbacks to this proposal would be as follows:
- The increase in noise level from the constant gabbing of the girls would reduce effective studying.
- Large monetary investments would be needed for square-dancing lessons.
- Some of the perfumes that the girls wear are more putrid than the smell of stale beer.
- The rest of the Forestry School would lose their seat as complainers to the School of Management; God knows they do enough for all of us.

L.A.'s might not be that bad after all.

Signed-
A fed-up L.A.

HELP WANTED

The editors are looking for people to type, layout, collate, draw, and report. Yes reporters are needed to interview faculty, staff and other important people. We have some ideas on ways to improve the Knothole but we'll need help to make them happen. ANYONE that is interested, please let us know.

Editor: Ellen Carpentier
Asst. Ed.: Eric Anderson
Typist: Kelly Smith
Indispensables: Brian Cypher, Moose Ankerud
Printers: Steve Darrow, Rita Travis
Faculty Advisor: Dr. William Stiteler
LAST WEEK TO PICK UP PREORDERED T-SHIRTS:

Date: Time: Monday March 24th 10:30-1:30
      Tuesday March 25th 10:00-1:00
      Wednesday March 26th 10:30-1:30

THESE DAYS ONLY!!!
On Thursday March 27th for "one" hour only, all extra T-shirts will be sold!!
1:00pm - 2:00pm

Place: Basement Bray
Anyone unable to pick up preordered T-shirts at the above times may come to room 338 after Thursday March 27th.

DUMP HUNTING

Article from Environmental Action

"Just published is a new booklet that tells citizens what they need to know to hunt toxic chemical dumps on their own turf, including indispensable tidbits on how to tell if the local dump is leaking, what to do and who to call. Also included is a handy questionnaire to pass on to local chemical companies, asking where, when and how they threw away their toxic trash. The booklet is available from M. Wentworth, Environmental Action, 1346 Connecticut Ave., NW, Suite 731, Washington, DC 20036. Please enclose a quarter for postage and handling."

Who's recycling?

The February Recycling Drive held by the Paper Recycling Club was the most successful to date. Three thousand pounds of newsprint and twenty pounds of aluminum were collected. The drive grossed a whopping $42.43. We would like to thank the folks in the maintenance department for helping us to minimize our costs and stay in the black.

The club plans to sponsor a final recycling drive for the spring semester on Sat. April 19th, 1980. A truck will be at Walnut Park from 10:00 to 4:00 for the collection of newspaper and aluminum. Already, 50 pounds of aluminum have been collected from our bin in the basement of Moon Library.

The tenth anniversary of Earth Day will be celebrated on April 22, 1980. The Paper Recycling Club plans to jointly sponsor an Alternative Energy Fair on April 19 with NYPIRG and the Environmental Law Society.

At our upcoming meeting, on Thursday, March 27, (7:00pm; 212 Marshall Hall), the agenda will include election of club officers, allocation of the year's proceeds, a discussion of the status of the NYS Bottle Bill, and more information on the Alternative Energy Fair. All are welcome to attend.

(=================================================================)

STUDENTS TAKE NOTE

The student data forms are now available outside Rm. 113 Bray Hall. All students are required to complete and return their form by April 9. Thank you for your cooperation.
The Senate Student Programs office is now accepting applications for the Senate Legislative Fellows Program which will run from 1 September 1980 to 31 August 1981. This program is designed to provide graduate students with firsthand knowledge of New York State government. The Fellows will spend one year in Albany where they will be carefully trained and then immersed in the staff work of the Legislature.

Applicants must meet the following minimum requirements:

Be a matriculated student in a recognized graduate program at an accredited college or university at the time of application;
Be a resident of New York State or attend an educational institution in New York State;
Have a strong orientation toward public service;
Possess an outstanding academic record;
Show evidence of strong research and communication skills.

Further information and application forms can be obtained from the Office of Academic Programs, 227 Bray Hall. Each applicant must submit application forms and supporting materials to Dr. Robert H. Frey, 227 Bray Hall, by 21 April 1980.

The Office of Technology Assessment (OTA) is seeking qualified candidates from academic, industrial, and governmental communities for its Congressional Fellowship Program 1980-81. The program provides an opportunity for individuals who have demonstrated outstanding ability in management or research to gain a better understanding of science and technology issues facing Congress and the way in which Congress establishes national policy related to these issues. The program is designed to give Fellows a challenging work experience through participation in the policy research and analysis program of OTA.

In this fourth year of the fellowship program, up to six Fellows will be selected. A fellowship period covers one year beginning in September 1980, and requires residence in metropolitan Washington DC.

The program is open to men and women of all disciplines of science and technology and related policy or research activities, including, but not limited to, physical and biological sciences, engineering, law, economics, environmental and social sciences, and public policy. The fellowships will emphasize interdisciplinary approaches to public policy concerns. Candidates must have completed research and training at the doctoral level, or have equivalent experience (as judged by the Selection Committee).

Applicants must have the ability to perform objective, comprehensive analyses; to work cooperatively with individuals of diverse backgrounds, experience, and training; and to present reports in clear, concise language.

Salary rates will be based on the Fellow's current salary and/or training and experience.

Applications and letters of reference must be postmarked by May 1, 1980. Application details are on file in the Office of Research Programs, Room 200, Bray Hall.
In the past weeks, suggestions included keeping Moon open at night for another hour or more, getting a computer terminal in the library, putting a film projector in the library A.V. room, keeping the snack bar dining area open at night (no food, just an area to meet), and keeping the Moon Conference room open for groups and crew projects. Opinion is running 2:1 in favor of keeping Catchalls. 5 students support keeping Nifkin Lounge open at night (are there others?). Students also prefer 95X to WAER in Nifkin by a 2:1 ratio so far.

Some of the suggestions are easy to carry out, others are pretty rough, and occasionally they are downright impractical or impossible due to "red tape." We try to look into each idea though, and if it seems worthwhile we'll use all available resources to implement it.

This brings up a sore point for me. As much as the administration and the student leaders ask for input, when input comes it is often totally ignored or immediately analyzed as "not a good idea." I am trying to take the other position, being an advocate for all or most of the ideas even if I personally question their merit. If any of you really want something done, do something about it. For starters you can join this suggestion committee—don't have to be an elected representative. We meet at the end of most council meetings around 8:30 Monday nights in the Conference Room. Better yet, come to a Council meeting and air your gripes during Open Discussion. This will be especially effective now since we have a new Council and everyone claims to be willing to listen to your ideas. Most if not all claims are sincere, but Council needs to hear from you and be prodded by you. The administration is probably the same. If one student suggests an idea, that student is alone. When many students show they really support an idea, there is a better chance of convincing the administration that it is a good idea.

Eric Anderson

P.S. Thanks to Abe Paradies, Cynthia Wood, Laura Zaimes, Jay Sexton and others who have helped follow up the suggestions.

**Hey Wolfman and J.D. are you awake? Well if I can't sleep NO one can sleep**
**Don't worry about it!**
**Piercing your ear with a needle is easier than using a potato (plus it's not as messy!)**
**Look at those little high school kids. I feel so old!**
**Lincoln Memorial...the Pencil Monument...what a copesetic patriotic rush!!**
**I'm freezing, J.D. what time is it? Only 11:45**
**After a long, late night, D.S. wakes up in the morning and says "boy I'm sure!"**
**Have you seen the latest jewelry craze—string earrings!**
45 more days 'til graduation!!!
**Neat...wow, neat...that's neat?!**
**My sleeping bag is filled with water, Wolf, what time is it? 2:00. Goin' to Carolina...**
**The girls always talked about picking up guys, but that was all it was, only talk!!!**
**How do you spell "cesspool"?**
**What do we do with all this extra spaghetti, Ann?**
**J.D. you are even uglier in the dark.**
**Hey J.G. do those machines in the bathroom take VISA?**
**"Whizbangs" — P.J.C.**
**Yuell...Gibbons?**
sophomores rock

A rock dance? At ESF? You bet. This Friday, March 28th, the Sophomore Class is sponsoring the first rock dance of the year. It'll be in Nifkin Lounge and last from 9 till 1, and the featured band is TATOO.

There will be plenty of soda and munchies, and six kegs of beer, and it's all free to all ESF students. Guests must be accompanied by an ESF student and will be charged $2.00 admission. Come by and enjoy!!!

YEARSBOOK ADS

Were you trying to buy yearbook ads last week and you couldn't find us? You didn't miss your chance to buy ads because they are on sale this week in the foyer of Marshall. Ads are $1.00 for 50 characters and will be edited if necessary. Yearbooks will also be on sale for THE LAST TIME for $5.00. If you don't buy your book now, you won't get one in the fall. Numbers are limited!

Sue Dinero
Empire Forester

BOTANY CLUB

This weekend, the Botany Club will be making its 10th annual trek to the summit of Algonquin Peak, New York State's second highest mountain. We will be leaving Syracuse on Saturday morning, March 29, camping in the lean-tos at the Adirondack Loj, and will return Sunday after climbing the mountain that day. The hike can be easily enjoyed by all, and since deep snow is not anticipated, snowshoes will probably not be necessary. Be prepared, however, for the possibility of cold temperatures.

Sign up is on Dr. Ketchledge's door, Room 333 Illick, and there will be a mandatory meeting and slideshow on Wednesday, March 26 at 8:00pm, in room 314 Illick. If you can't make this meeting, you must send someone in your place. Ride arrangements and further details will be discussed at the meeting. This trip will be a great experience for new and old Adirondack fans alike, and everyone is encouraged to participate in this memorable event.

The ESF Runners Club would like to announce the upcoming intramural race in early April. We will sign up soon. If you've ever competed, why not see if you are still in shape? You may be pleasantly surprised. If you've never competed but are interested you still have a chance to earn some points. Not only will you build your self-satisfaction and team pride, but it should be a lot of fun. Meet us Tuesdays and Fridays at 4:00 in front of Moon Library.
